

**Comox Strathcona Waste Management Service  
Schedule of Fees & Charges  
Charges effective January 2016 (In-Area)**

**Solid waste originating within the boundaries of the Comox Valley and Campbell River waste management centres at the rates shown below.**  
**Prices are per metric tonne and will be pro-rated for a portion thereof and subject to a minimum charge unless otherwise specified.**  
**All wastes are measured by weight on the scale provided at the waste management centre.**

**Site Access Fee**

Does not apply to residents dropping off recyclables, including glass, cut grass and leaves, scrap metal or product stewardship items, or for customers picking up SkyRocket. However, users will be charged the \$4/vehicle site access fee when dropping off household hazardous waste.	\$4 / vehicle
---	---------------

**Municipal Solid Waste (MSW) & Construction and Demolition Waste**

Non-recyclables, regular household garbage, or means mixed waste loads produced as a result of the construction, renovation and demolition of buildings, and other structures, and includes wood waste and gypsum coated with material that renders it unsuitable for recycling, but does not include waste containing or/contaminated with asbestos, creosote, PCB treatments, loads mixed with recyclables or any special waste. (Loads containing demolition or deconstruction material must be free from asbestos and be accompanied by supporting documentation);	\$130 / tonne \$6 < 100 kg
--	-------------------------------

**Improperly Covered or Secured Load**

Loads higher than rails of truck/trailer not firmly bound or sufficiently covered, so that portions may fall from vehicle or trailer.	\$20 / vehicle
---	----------------

**Drywall (Gypsum)**

Free from asbestos or drywall mudding compound - for recycling at the New West Gypsum facility (waste disposal application is required)	\$225 / tonne \$20 < 100 kg
---	--------------------------------

**Yard Waste**

Uncontaminated vegetation (trees/branches/brush, etc.) requiring chipping.	\$65 / tonne \$6 < 100 kg
--	------------------------------

**Divertible (Recycled) wood waste**

Means any wood waste product that is capable from being diverted from the landfill, and includes but is not limited to: pallets, fiber/particle board, oriented strand board and plywood, raw dimensional lumber and scraps or cut offs; ** All other wood waste is considered Construction & Demolition waste	\$120 / tonne \$6 < 100 kg
---	-------------------------------

The Comox Strathcona waste management (CSWM) service board of directors approved this new fee structure, effective January 01, 2016 for the Comox Valley and Campbell River waste management centres

**Comox Strathcona Waste Management Service  
Schedule of Fees & Charges  
Charges effective January 2016 (In-Area)**

**Clean Fill – Advance approval & supporting analytical data required for loads in excess of 2000 kg**

Soil/turf/sod, asphalt, bricks, concrete (soccer ball sized), free from metal, for immediate use.	\$15 / tonne \$6 < 400 kg
---	------------------------------

**Commercial Cardboard**

Applied to loads meeting the definition defined in Bylaw No. 170.	\$60 / tonne \$6 < 100 kg
---	------------------------------
